

Has *Learning to Fly* Been a Passion of Yours?

Just when you thought flying was out of reach,
find out what the Sport Pilot Certificate has to offer...

- **Have you always thought that it was out of reach due to finances, health, etc?**
- **Are you a pilot that has been away from flying for a while and needs a refresher course?**
- **Come find out what AB Flight has to offer with their Sport Pilot program. The Sport Pilot program could be right up your alley! Give us a call today and start flying in no time!**

Should you have any questions about achieving a Sport Pilot certificate, be sure to check out our Frequently Asked Questions section at www.abflight.com for some of the most common questions prospective pilots ask.

At AB Flight we exclusively use the Evektor line of Light Sport Aircraft for its unsurpassed strength, reputation, and comfort. We operate out of the Allentown Queen City Municipal Airport 7 days a week.

Led by our Chief Flight Instructor Art Tarola, who has well over 7000 flight hours, AB Flight has helped hundreds of people gain their wings.

At AB Flight, we are with you from start to finish in achieving your Sport Pilot certificate. We offer everything from Ground School training material, the Practical Test. AB Flight is also an authorized Alien Flight Student Training Provider as approved by the TSA.

Art is an importer of the Evektor line of Light Sport aircraft which is unsurpassed in its strength, reputation, and comfort. AB Flight is also proud to represent the Evektor SportStar and Harmony Light Sport Aircraft!

The Harmony LSA is setting a new standard in flight training and travel comfort. The Harmony LSA is continuation of the worldwide successful SportStar - the first S-LSA certified in the USA - and brings further performance and comfort enhancements.

The SportStar MAX is top of the line S-SLA aircraft with comfort for business travel and handling ease of a great trainer. The airplane has become the very first aircraft in the world approved by the FAA in the U.S. S-LSA category and is holder of the prestigious "S-LSA Aircraft of the Year" honor from AeroNews Network (ANN).

Be sure to check out this fantastic line of aircraft and see which is right for you! If you should have any questions, please don't hesitate to contact us.
